Platts Prices on OMJ Customisable Watchlists

Settlement Prices

Clients can customise the OMJ settlement price page to include specific Platts prices which are relevant to their business requirements. The Platts settlement prices will then appear on the “Close Prices” section of the OMJ Professional Service website and Smartphone App. The “Close Prices” page can be customised to include a wide range of close prices from other price vendors.

Historical Prices

The OMJ historical pricing tool enables clients to view and download historical Argus prices in addition to a wide range of other oil, commodity and foreign exchange prices from OMJ. Clients can download the data in Excel, CSV and PDF format. Clients can use the tool to compare prices and build models which update each day.

Excel Plug-in

Clients can access Platts settlement and historical prices directly in Microsoft Excel with the OMJ Excel Plug-in. This reduces admin times and eliminates errors when creating daily, weekly, or monthly pricing spreadsheets.

Email Messages

Clients can receive Platts settlement prices via the OMJ Messaging system based on a customised list of products which are relevant to their business.

Research Reports

Platts settlement prices are available in OMJ End of Day PDF reports. Prices are in US Dollar per tonne terms and local currency per litre terms including taxes and duties, blended in accordance with national regulations. The reports also contain OMJ news and analysis focused on the UK and Ireland downstream oil market.
